Section A – Overall corporate governance

1 Introduction to APM's corporate governance

- 1.1 APM is incorporated by a Royal Charter. Its primary constitution is formed by the APM Royal Charter of Incorporation and the By-Laws. Nothing in the regulations supersedes or alters the Royal Charter and By-Laws which override the regulations in the event of any question of interpretation between them.
- 1.2 The APM Royal Charter of Incorporation and the By-Laws have been approved by the Charity Commission which has granted charitable status to APM. Central to the Royal Charter is the Object which defines the public benefit purpose of APM. This is to: '**advance the science, theory and practice of project and programme management for the public benefit**'. The board must ensure that APM operates within its object and the defined powers of APM, as set out in the Royal Charter.
- 1.3 In accordance with By-Law 19, the board of APM makes these regulations to cover more detailed aspects of governance. They will be reviewed and approved by the APM Board at least every three years. The board may alter the regulations by a majority decision.

2 The scope of the regulations

- 2.1 By-Law 15 confirms that 'The business of the Association shall be managed by the Board'. The board therefore maintains accountability for the activities of APM. However, operations are the responsibility of the chief executive, within the boundaries defined in these regulations.
- 2.2 APM operates through defined policies and procedures, of which these regulations form a part. Unless otherwise stated, regulations apply to all individuals, committees and groups involved in activities for APM.

3 Defined terms and interpretation

- 3.1 The defined terms used in the regulations are explained and detailed below:
- a. By-Law – reference to By-Laws are to specific paragraphs in the By-Laws within the Royal Charter of Incorporation.
 - b. AGM – the annual general meeting of APM.
 - c. APM – the Chartered Body incorporated as the Association for Project Management.
 - d. Board member – a trustee of the charity and a member of the board of APM.
 - e. CPD – continuing professional development.
 - f. Executive – the chief executive (CEO) and deputy chief executive (DCEO).
 - g. Voting member – a member of APM as defined in Regulation 15.1 who is eligible to vote at general meetings.
 - h. Gender / Plurals– any references to the male gender shall include the female gender and vice versa; similarly references to the singular shall include the plural and vice versa.
 - i. IPMA – International Project Management Association
 - j. Jurisdiction – these regulations are to be interpreted under English Law and jurisdiction.
 - k. Project management – any reference to project management shall also include programme and portfolio management where appropriate.
 - l. SIG – Specific Interest Group.
 - m. Terms of office – a board member's term of office starts immediately following the relevant AGM if the appointment was made at an AGM; if not, as otherwise agreed by the board.
 - n. Written or in writing – written, printed or reproduced in any way in any legible form including electronic form.
 - o. Year – the calendar year starts on 1 January. The financial year starts on 1 April.

4 The board

- 4.1 The role of the board. The board's primary duty is to set the strategic direction of APM and assure itself that objectives are delivered. The detailed roles that the board will undertake are set out in **Appendix 1**.
- 4.2 The duties of board members. Board members act as charity trustees. Their fiduciary duties are owed to APM and are set out in both common law, these regulations and charity law. Board members must act in accordance with these legal duties, which are summarised in **Appendix 1**.
- 4.3 Board member behaviours and code of conduct. Board members are required to act with the utmost integrity, in accordance with APM's Community Charter and the provisions of the Board Member Code of Conduct attached at **Appendix 2**. Complaints related to the performance of board members against this code will be considered by the board chair in the first instance and may be referred to the board.
- 4.4 Conflicts of interest. It is imperative that board members act, and are seen to act, in the interests of APM alone. The board will agree a Conflicts of Interests Policy at least every three years which all board members must comply with. Board members must ensure all interests are declared and transparent. Where interests constitute a conflict, board members must not participate in any discussion on the matter. The Conflicts of Interest Policy also applies to board committees and their members.
- 4.5 The composition of the board and the election, appointment and co-option of board members. By-Laws 15 and 16 set out the provisions which must be complied with in respect of these matters. The board has also approved the rules set out in **Appendix 3** to govern processes for the election of board members.
- 4.6 Rotation of board members. One third (or the number nearest one third rounding upwards) of the board members elected by members of APM must retire at each AGM. The members of the board to retire in each year shall be those who have been longest in office since their election. As between persons who became board members on the same day, those to retire shall (unless they otherwise agree among themselves) be determined by lot. A retiring board member who remains qualified may (subject to regulation 4.7) be re-elected.
- 4.7 Maximum period of years in office. Individuals will not be eligible for election, re-election, appointment or re-appointment for a period longer than that which would give them a total term of office of more than nine years.
- 4.8 The calculation of the period in office shall include any period in office as a director of the company limited by guarantee immediately before the incorporation of APM by Royal Charter.
- 4.9 Resignation and removal of board members. A person ceases to be a board member as soon as:
- Notification is received by APM from the board member that the board member is resigning from office as a board member, and such resignation has taken effect in accordance with its terms;
 - That person is disqualified from acting as a charity trustee or a company director;
 - A bankruptcy order is made against that person;
 - A composition is made with that person's creditors generally in satisfaction of that person's debts;
 - A registered medical practitioner who is treating that person gives a written opinion to APM stating that that person has become physically or mentally incapable of acting as a trustee and may remain so for more than three months.
 - If that person is absent for four consecutive meetings without prior authorisation and is asked by a majority of the other trustees to resign;
 - If that person is removed by an ordinary resolution of the members present and voting at a general meeting after the meeting has invited the views of the Trustee concerned and considered the matter in the light of any such views.

- 4.10 Collective board evaluation. The board will hold an evaluation of its performance annually and will approve the methodology for it. The evaluation will be externally facilitated every three years. The results of the board evaluation will be reported to, and discussed at, the board.
- 4.11 Individual board member training/evaluation. The chair of the board will hold appraisals with each board member after they have held one year in office. These will normally be held annually and be a confidential process. The chair may report issues of note on an anonymous basis. The board will ensure that new board members receive induction training. Further training may be offered to enhance and refresh skills.

5 Delegations

- 5.1 Collective responsibility. The board takes decisions collectively. Individual board members, including those with chairmanship or champion roles, do not have any individual executive or decision-making authority unless expressly delegated by the board or as set out in these regulations.
- 5.2 Delegations to the chief executive. The board delegates operational management responsibilities to the chief executive (and through them) to the staff of APM. The exercise of these delegations is subject to the following caveats:
- The chief executive will ensure that the board remains informed of issues of substance and contention.
 - The exercise of any delegation is in accordance with these regulations, the financial delegations and any policy or strategy approved by the board.
 - Specific duties and delegations approved by the board are set out in **Appendix 4**.
- 5.3 In the event that an urgent decision is required which would normally require board approval, the chief executive is authorised to take action to protect APM. Every effort must be made to consult with the board chair or deputy chair(s) in advance. The chief executive will report any exercise of this delegation to all board members as soon as reasonably practicable.
- 5.4 Financial delegations. The board will review and approve financial delegation limits and associated rules at least every three years. These are set out in **Appendix 6**.
- 5.5 Matters and policies reserved to the board. The board's functions and duties are set out in **Appendix 1**. These matters will not be delegated unless expressly agreed by the board or as set out in these regulations or a committee's terms of reference.

6 Roles and their appointments

- 6.1 The president/vice presidents. The board may invite any person to be a president or vice president who can contribute to achieving APM's objectives. The presidents and vice presidents are 'titular' roles and are not members of the board.
- 6.2 The president's/vice presidents' duties and term of office shall be as determined by the board. Arrangements for the selection of a president/vice president and their proposed duties and terms of office shall be recommended to the board by the Chair, Deputy Chairs and Chief Executive. The board may delegate the selection process for a president/vice president to the Nominations Panel but final approval of the appointments will be a matter for the board.
- 6.3 Past Presidents and Past Chairs. Former APM Presidents and Vice Presidents are given the honorary and titular title 'Past President' or 'Past Chair' as applicable.
- 6.4 The board chair. The board will elect one of its members to be chair. The appointment will be made by a majority vote of the board. The board may ask any other board member to temporarily chair a board meeting while the appointment of a chair is concluded. The board chair has the roles and duties set out in Appendix 5.
- 1) The Chair should be elected for a 2 year tenure renewable for a second 2 year period and, in exceptional circumstances, for a third 2 year period;

- 2) Where appropriate, on completion of a Chair's elected period as a Trustee, one of the appointed Board member positions should be used for the Chair's place on the Board as a Trustee;
- 3) Election of the Board Chair should take place at the May Board meeting and at any other time if a vacancy occurs;
- 4) Confidential consultation on a Chair's unopposed extension in role for a further 2 years should be initiated immediately after the relevant November Board meeting;
- 5) On completion of their role as Chair, the Trustee should be expected to immediately offer their resignation from the Board irrespective of the scheduled expiry of their period on the Board as a Trustee. This may not necessarily be accepted.

6.5 The board deputy chair(s). The board may at any time decide to elect a deputy chair or up to two deputy chairs. The appointment of a deputy chair will be made by a majority vote of the board. In the absence of the board chair, the deputy chair(s) may act in all respects as the board chair until a new chair is appointed. A deputy chair will be expected to lead an annual appraisal of the board chair and may be asked to assist in fulfilling the duties of the chair.

6.6 Board champions. The board may nominate individual board members to have an interest in specific areas. Board champions will operate in accordance with the role profile in Appendix 7.

6.7 The chief executive. The board will appoint (and may remove) a chief executive. The board will approve the process for their appointment. The chief executive is responsible for the operational management of APM's affairs. They must help the board determine strategic objectives and ensure their achievement. The delegations to, and duties of, the chief executive are managed as set out in Regulations 5.2-5.3 above and detailed in **Appendix 4.**

6.8 The company secretary. The board will appoint (and may remove) a company secretary. The board will approve the process for their appointment. They shall have a reporting line to the chief executive for executive duties and day-to-day line management. However, the company secretary is accountable to the board for governance matters.

7 Appointments to outside bodies

- 7.1 Only persons who have been approved by the board or a committee of the board or the chief executive may represent APM on outside bodies. The board may withdraw any appointment at any time.
- 7.2 Guidance will be maintained on the requirements placed on appointees to outside bodies and APM's commitment to supporting them.
- 7.3 Appointees will advise APM of any substantive matter which may affect APM's interests. The chief executive will advise the board chair and suggest a position that APM's appointee should adopt.
- 7.4 The chief executive will ensure the board or an appropriate committee is informed of any substantive issue arising from appointees' engagement with outside bodies.

8 Expenses

- 8.1 APM will maintain an expenses policy and may reimburse individuals for reasonable costs incurred.

Section B – Meetings

9 General meetings of APM

- 9.1 A general meeting is a meeting of the Voting members of APM (see Regulation 15.1). The Voting members of APM will be given notice of, and invited to, general meetings.
- 9.2 The rules governing the conduct of any general meeting are set in By-Laws 24 to 27. A general meeting may be called by notice of at least 14 clear days.
- 9.3 A Voting Member may appoint another person as their proxy to exercise all or any of their rights to attend and to speak and to vote (both on a show of hands and on a poll) on a resolution or on any other business arising at a general meeting. A Voting Member who has validly appointed a proxy shall (unless that Voting Member is present) be deemed to be present at the meeting by the attendance of their proxy.
- 9.4 The Board may accept the appointment of a proxy by electronic means or in writing in any usual form (or in any other form) on such terms and subject to such conditions as it considers fit.
- 9.5 Subject to regulation 9.9 below, at a general meeting a resolution put to the vote of the meeting shall be decided on a show of hands unless (before or on the declaration of the result of the show of hands) a poll is properly demanded by the chair of the meeting or not less than four members entitled to vote on the resolution. For this purpose, a demand by a proxy counts as a demand by a member representing the voting rights that the proxy is entitled to exercise.
- 9.6 If a poll is properly demanded (and is not withdrawn) it shall be taken in such manner as the chair of the general meeting directs.
- 9.7 Subject to Regulation 9.9 below, at a general meeting every Voting Member entitled to vote on the resolution and who is present in person (not being present by proxy) shall have one vote (whether on a show of hands or a poll).
- 9.8 Subject to Regulation 9.9 below, every proxy present who has been duly appointed by a Voting Member shall have one vote on a show of hands and on a poll shall have one vote for every Voting Member who has appointed that person as their proxy.
- 9.9 Any vote on a resolution to elect board members at the Annual General Meeting shall always be taken by a poll and every proxy appointed as part of the annual election process shall have the number of votes provided for by the voting materials circulated to the Voting Members as part of the annual election process. No person who has appointed a proxy as part of the annual election process shall be entitled to vote on a resolution to elect a Board Member at the Annual General Meeting.

10 Board, committees and sub-groups

- 10.1 Establishment of committees and terms of reference. The board may appoint committees for the purposes of delegating any of its duties. A meeting which is established by the board, and which reports to it, shall be deemed to be a committee for the purposes of these regulations, howsoever it is called.
- 10.2 Any sub-group of a committee is an informal group and Section B of these regulations will not apply to it. Sub-groups will have powers of recommendation only and will follow such procedures and terms of reference as may be set by their establishing committee.
- 10.3 The board will approve the terms of reference and duties of all board committees. Committees may not act outside of these terms of reference without the express approval of the board. Committees and the board will review terms of reference on a regular basis.

- 10.4 Membership. The board will determine, and review at least annually, the membership of committees and the chair and any deputy chair(s) of them. Individuals ceasing to be board members will cease to be members of committees, unless agreed otherwise by the board. A board committee will have at least two board members among its membership.
- 10.5 The board chair is expected to take a lead in reviewing committee memberships (in conjunction with committee chairs) and to make recommendations to the board accordingly. They may ask the Nominations Panel for assistance in this respect. The board will take into consideration the need for diversity when approving committee memberships.
- 10.6 Members of committees will normally be APM members. However, this general provision may be waived where a non-member holds specific expertise which will be of value to a committee. Employees of APM may be committee members.
- 10.7 The membership of any sub-groups of a board committee will be determined by its establishing committee. The chair of a sub-group would normally be a member of the establishing committee.
- 10.8 Other than an APM employee, no member of a committee shall serve on the same committee for more than nine consecutive years.
- 10.9 The board will appoint the members of the Professional Conduct Committee pool; none of whom will be board members. A committee or appeal panel may be drawn from the pool in accordance with the provisions of the Code of Professional Conduct Procedural Rules.
- 10.10 Quorum. Unless otherwise specified in an individual committee's terms of reference, the quorum for the Board and for a committee shall consist of not less than one third of the members (rounded to the nearest whole number) or two members, whichever is the greater. For Committees, the quorum must include at least one board member.
- 10.11 Attendance. The board and its committees may invite any person to attend any meeting as a guest to assist with proceedings. Such individuals will not be entitled to vote or count towards the quorum.
- 10.12 Attendance at a meeting of anyone (who is not a member of that group) is at the discretion of its chair. However, subject to issues of confidentiality or conflicts of interest, the chief executive and designated senior members of APM staff will be expected (and may be required) to attend meetings to provide advice.
- 10.13 Subject to Regulation 10.12, the company secretary, or their substitute, will attend and provide advice and support to all board and committee meetings. They are not entitled to vote or count towards the quorum.
- 10.14 Subject to Regulation 10.12 and issues of confidentiality or conflicts of interest, board members are entitled to attend any meeting of a board committee.
- 10.15 All board and committee members are expected to attend at least 70 per cent of the number of meetings of each group in a rolling year; unless specific dispensation to be absent is granted to an individual by the board or committee. Individual attendance records will be included within minutes of meetings.
- 10.16 Attendance at meetings via video or tele-conference facilities approved by the board is permitted so long as all participants can communicate with each other.

11 Non board groups – establishment and application of the regulations

- 11.1 The board will maintain broad oversight of other groups which sit outside the board's committee structure, but which nevertheless fall within the overall governance of APM. The chief executive will keep the board informed of all significant issues arising from the operation of such groups.

- 11.2 The provisions of Section B of these regulations do not expressly apply to non-board groups. However, the board reserves the right to be assured over them and to direct their operation in the interests of APM.

12 The role of the Professional Standards & Knowledge (PS&K) Committee as the IPMA certification body

- 12.1 The board will maintain a PS&K Committee with a primary duty to assure the board on the robustness of the core project management knowledge base and qualification standards.
- 12.2 The board acknowledges that, under IPMA regulations, the PS&K Committee has an independent 'certification body' role and that it does this free from the direction of APM as 'member association'.

13 Procedures relating to the board and board committee meetings

- 13.1 Calling meetings. The company secretary will arrange dates for meetings in conjunction with the chair of that meeting. A member of the board or a committee may require that a special meeting be called.
- 13.2 The board will meet at least four times per year. Committees will be expected to meet at least annually.
- 13.3 Preparation of agenda and issue of papers. The company secretary will prepare a draft agenda for each meeting for the approval of its chair. The chair must ensure that agenda are focused on the group's priorities and terms of reference.
- 13.4 Any board or committee member wishing to add an item to an agenda must notify the company secretary and seek the approval of its chair.
- 13.5 The agenda and all available papers will be sent electronically by the company secretary at least five working days before the meeting.
- 13.6 Minutes. The company secretary, or their substitute, will prepare minutes of each board and committee meeting. Drafts will be sent to appropriate senior staff for comments and to the chair for comments and their personal approval.
- 13.7 Minutes will be circulated to the next meeting for review and final approval. Subject to amendments, the chair will sign the minutes to confirm them as a correct record. Signed minutes will be stored securely.
- 13.8 Subject to any issues of confidentiality or conflicts of interest, or unless terms of reference specify otherwise, minutes of committees will be presented to the next meeting of the board. The chair or their nominee will speak at the board and ensure it is informed of all key issues arising.
- 13.9 Approval between meetings. In the normal course of events, matters that require the agreement of a group will be submitted to scheduled meetings. However, for urgent and/or routine issues, a decision may be taken between meetings where the chair of the group agrees it is expedient to do so. In such cases:
- a. All members of the board or relevant committee may be requested in writing to agree to a decision. Once a majority have indicated to the company secretary in writing that they so agree, the decision will be regarded as duly and correctly made.
 - b. Any such decision will be reported to the next meeting of the group and included in the minutes.

14 Other procedural meeting issues

- 14.1 The ruling of the chair of any meeting on any procedural matter arising shall be final.
- 14.2 If the appointed chair of a meeting is absent, those present at the meeting may appoint one of their number to chair that meeting. This would normally be a deputy chair if appointed and they are present.
- 14.3 All decisions at board and board committees will be made on a simple majority of votes cast. An abstention is not a vote. In the case of an equality of votes, the chair will have a second, casting vote unless otherwise specified in the committee's terms of reference.

Section C – Membership grades, designations and accreditations

15 Definition of 'Voting member'

- 15.1 Individuals in the Full and Fellow grades of membership are collectively known as Voting members. Honorary Fellows are only Voting members if they held Full or Fellow status at the time of their appointment or subsequently obtain it. Only Voting members are members of the corporation and entitled to stand for election to the board, vote in the election of board members and attend and vote at general meetings. Student and Associate members are not Voting members.

16 Membership

- 16.1 Applications for membership shall be in a manner and form as prescribed by APM.

- 16.10 Honorary Fellows Eligibility. Individuals nominated should meet all of the above criteria. The number of Honorary Fellowships awarded in any one year is expected to be low and based purely on merit.
- 16.11 Honorary Fellows Process and other Matters

 - The Panel will support Honorary Fellows coming from a diverse range of backgrounds and experiences.

 - Honorary Fellowship provides entitlement for individuals to hold the post-nominal HonFAPM.
 - Honorary Fellows will not incur a membership fee. Honorary Fellows will be eligible to attend member events as if they were Voting members.
 - The Charter confirms Honorary Fellowship as a membership grade. APM Regulations prescribe the rights applicable to each grade of membership. Unless also a Voting Member, Honorary Fellows are not 'Voting Members' and are therefore not permitted to stand for election to the board, vote in the election of board members and attend and vote at general meetings.
- 16.12 Corporate partners and affiliates. The board shall determine the definitions and bandings for corporate partners and affiliates.

17 Registered Project Professionals (RPP)

- 17.1 An APM Registered Project Professional should demonstrate high standards of professionalism and integrity, have the capabilities of a responsible leader, and have the ability to use appropriate project management tools, processes and techniques. - 20.3 Any complaint from a member of APM or a member of the public of a breach of the APM Code of Professional Conduct will be handled in accordance with the APM Professional Conduct Procedural Rules.
- 20.4 There shall be an additional code of conduct for board members. (See Regulation 4.3 and **Appendix 2.**)

- 21.1 Volunteers are integral to APM and recognised as an invaluable resource and support. Volunteers may work through branches, specific interest groups or in any other approved capacity.
- 21.2 Volunteers have no executive authority except insofar as detailed within these regulations or the *Volunteers' Handbook*. Volunteers are accountable to the chief executive, and through them the board. The chief executive will seek to resolve any issues of contention or disagreement through the structures detailed in these regulations and may escalate matters for consideration to the board. The chief executive and board may direct the affairs of the volunteers.
- 21.3 The board will appoint a board champion for volunteers. The role will be undertaken in accordance with Regulation 6.5 and **Appendix 7**.

B Potential bids/transactions

In any instance where the full estimated cost to APM requires approval by the board, this must be sought in advance of substantive preparations getting underway.

C Income levels and charging

The chief executive has delegated authority to set income levels and charging (including fees for examinations, qualifications and designations, but not membership fees which rests with the board). The fees for membership subscriptions shall be reviewed annually by the board and any major deviation from previously agreed policy on these matters shall be subject to prior board approval.

Appendix 7

Board champions – role specification

Process and commitment

Champions are appointed by the board as a whole and to areas where there is a recognised benefit in having a closer, individual focus. The board reviews the list of champions annually alongside committee memberships but can make appointments at any point.

In undertaking a champion role, individuals must:

- a. Have an interest in that field.
- b. Have relevant knowledge and experience in that field.
- c. Acquaint themselves with key issues regarding the particular topic.
- d. Commit to engage and work constructively with staff.
- e. Provide sufficient time to the role.

In supporting champions, the executive will need to:

- a. Engage with the champion and ensure they are briefed and consulted where appropriate.
- b. Provide the champion with a key contact and executive lead.
- c. Commit to work constructively with the champion.

Objectives and role

- e. Act as a voice for the area during board discussions.
- f. Provide external-facing advocacy for the area as appropriate and necessary. (Messaging to be co-ordinated within wider APM communications.)

Constraints

The role is not 'executive' or 'doing' in nature and issues need to be dealt with in accordance with APM's policies, governance structure and regulations. Champions should avoid detailed involvement in executive and operational issues.

Assistance

Champions should contact their executive lead with queries and issues in the first instance and aim to resolve issues constructively and outside formal meetings. Any substantive queries or concerns should be raised with the board chairman, chief executive and company secretary.
