The assessment of all elements will last two hours 35 minutes in total and will take place on the same day.

Scenario assessment

- The scenario assessment is a role play situation, with one of the assessors taking on a specific role and you taking on the role of Project Manager. The assessment is based on a new event/information which will impact the project as detailed in the pre-seen case study.
- You'll have 10 minutes preparation time and 20 minutes for the scenario role play. Each scenario assessment will cover the following syllabus areas:

- Communicate effectively with stakeholders to achieve a project's objectives.

And one of the following:

- Negotiate effectively with stakeholders to achieve a project's objectives.
- Resolve problems taking a logical approach to the problem-solving process.
- Make decisions which support the objectives of a project.

Oral exam

- The oral exam will be conducted by two assessors and is 50 minutes duration.
- All questions need to be answered as though you were managing the project detailed in the pre-seen case study.

Written assignment

- You'll need to undertake a written assignment based on the question given. The assignment will be based on the pre-seen case study.
- It is 60 minutes duration plus 15 minutes reading time.
- The assignment is invigilated, either by a training provider in a classroom or remotely online.

Assessment materials

You're allowed a lightly annotated copy of the pre-seen case study with you at every stage of the assessment. No additional pre-prepared notes are allowed.

Assessment procedure

Your accredited training provider will register your details with AMP and will supply you with details of your assessment, and how to log in and take your assessments.

For your **written assignment**:

- If you're sitting an assessment that is being remotely invigilated, you'll be asked to perform a security check prior to the examination taking place.
- A keycode will be provided at the start of the exam, either onscreen or by an invigilator. This will need to be entered to start the examination.
- Reading time is provided to allow you time to read through the question and plan your response.
- The assignment is worth 30 marks. One learning outcome is assessed across the three units.

For your **scenario assessment** and **oral exam**:

- You'll be assessed by two assessors and both assessments will be carried out consecutively.
- The assessments can either be carried out in a physical location or virtually, using video conferencing software.
